ANNOUNCES AN INFLUENZA CURE

Appeal From Medical Men Induced Doctor Baer to Publish Formula.

Pittsburgh, Oct. 12.—In response to hundreds of telegrams from medical men throughout the country today, Dr. George F. Baer of the Homeopathic Hospital staff, made public this afternoon the formula of his discovery announced yesterday of a cure and preventive for Spanish influenza. The treatment, he said, is a hypodermic

injection of a sterile solution representing 1.54 grams of iodine in chemical combination with creosote and guaiacol.

In experiments conducted here since the outbreak of influenza, Doctor Baer said, patients in acute stages of the disease have been made well in a few days, while in one case the employees of a bank were inoculated with the solution, and although exposed to influenza, failed to contract the disease. The injection, he said, is not a serum, but a solution. It is put into the veins of the arm. The patients feel little ill effect.

No More Fence Fixing

Farm owners can now save all money and time spent in replacing fence posts and fixing fencing due to posts that rot, split and peel. Long-Bell Creosoted Yellow Pine Posts will last you a lifetime. They are selected from slow growth trees, straight and round. Air dried and yard seasoned. U. S. Government tests prove that Creosoted Yellow Pine will last 40 years or more.

CREOSOTED Yellow Pine POSTS

When all fence problems between you and your neighbor are solved, the life of your fence is saved. Long-Bell Creosoted Yellow Pine Posts are the only fence posts that are guaranteed to last 40 years or more. They are selected from slow growth trees, straight and round. Air dried and yard seasoned. U. S. Government tests prove that Creosoted Yellow Pine will last 40 years or more.

THE LIBERTY LOAN DRIVE

Bates County Will Do Her Part. Several Townships Already Are "Over the Top."

W. F. Duvall, chairman of the Fourth Liberty Loan of Bates County, reports that Lone Oak township was the first to report having received their township quota, which was \$18,000. They have exceeded their quota and report this morning that they will probably have some \$24,000. Mt. Pleasant township's quota of \$90,400 is reported reached by \$10,000. The solicitors are going out after the balance, and Mt. Pleasant township is guaranteeing that she will raise her quota.

The townships that have reported raising their quota, or who are guaranteeing that they will have their quota, are as follows:

Osage township	\$50,500
Homer township	24,000
West Point township	22,200
Lone Oak township	24,000
Mt. Pleasant township	90,400
Howard township	33,700
Rockville township	17,800

There are other townships that have not yet finished their drive and made the report, while some few have sent in their report but have not yet secured their quota. In this connection, the Federal Reserve Bank of Kansas City, and the Central Liberty Loan Committee, have sent out the following telegram:

"We cannot too strongly impress upon you and your people the fact that there must be no slackening of effort in the Liberty Loan campaign on account of the publication of the news of Germany's acceptance of peace. It would be nothing short of a tragedy in American history if the loan should fail. Our task is not by any means finished and Germany is watching the results of our loan just as closely as ever. The facts are that the money which is being subscribed to this loan has already been contracted and actually spent by the Government. Furthermore, our Government has enormous outstanding obligations yet to be met, and unless every unit in the loan organization of the Tenth District meets the full obligation, we may properly be classed as losers."

Give this telegram widest possible publicity, and wire us immediately to the effect that there are no quitters in your county.

(Signed) "Federal Reserve Bank, of Kansas City,"
"Central Liberty Loan Committee,"
"Tenth Federal Reserve District."

In And Around Maysburg.

Mr. and Mrs. Ray Powell visited Mrs. Powell's parents, Mr. and Mrs. Wiley Gilbert, Saturday night and Sunday.

GROCERY DEPARTMENT

Our grocery department never was as complete as it is today, and we are in a position to make prices better than others because of the quantities we buy in. Having bought all our goods on lower markets than today. If you will investigate our prices you will see our retail price is in many cases cheaper than today's wholesale price.

FORDSON TRACTORS
